**INFORMATION DISCLOSURE STATEMENT**

Applicant wishes to bring to the attention of the United States Patent and Trademark Office the information noted on the enclosed forms PTO/SB/08A that may be considered to be material to the examination of the above-identified application.

This non-patent literature cited in this information disclosure statement was identified in the Information Disclosure Statement and form SB/08 filed September 24, 2008 in the present application. In the Office Action mailed December 10, 2008, the Examiner indicated that the form SB/08 was considered, but the reference identified as “NEUENDORFF, H., ‘Uebertragungsqualitaet im modernen Kommunikationsnetz standardisiert prüfen und sichern TTCN-Compiler erzeugt auf Protokolltester K1197 genormte Konformitätstresis nach ISO 9646-3 für ISDN und CCS7,’ Telecom Report, De, Siemens AG, Munchen, pp. 76-77” was lined-out and annotated “NO Date.”

Applicant resubmits this reference for the Examiner's consideration. The reference clearly indicates "(1994)Marz/April" on its face, which Applicant submits indicates that the reference was published in March/April 1994 in Siemens' Telecom Report.

Applicant believes that no fee is due with the present Information Disclosure Statement because the reference was previously submitted with the relevant information necessary to consider the document.

Respectfully submitted,
